

# Industrial Range Perkins Series Model SP110 Generator set

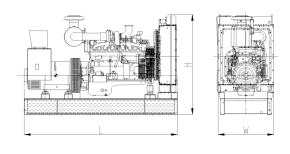

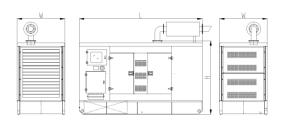

General Performance Data				
Prime Power	100KVA/80KW	Engine	Brand	Perkins
Stand by Power	110KVA/88KW		Model	1104C-44TAG2
Frequency/Speed	50Hz/1500rpm	Control module	Deepsea 6120	
Rated Power Factor(cosφ)	0.8	Rated Current	144A	
Standard Voltage	230V/400V	Capacity of Breaker	160A	
Phases	3	Starting Voltage	DC12V	

Fuel consumption				
Rated output	Fuel consumption rate			
100%Standby	-	24.9 <b>L/h</b>		
100%Prime	-	22.6L/h		
75%Prime	-	17.1 <b>L/h</b>		
50%Prime	-	11.8L/h		
25%Prime	-	-		

Standards followed			
ISO9001	ISO14001		
ISO8528	ISO12100		
ISO13849	EN12601		
GB12786	GB/T2820		
IEC60034	IEC60204		
CE	RETIE		

Dimensions and Weights			
Туре	Open	Silent	
Length(mm)	2050	2800	
Width(mm)	800	1100	
Height(mm)	1290	1720	
Weight(kg)	1080	1650	
Base fuel tank volume (L)	170	170	

## **Engine specification**

Winding pitch

Voltage regulator type

Basic parameter		Air induction system			
Manufacturer	Perkins		Maximum allowable intake air restriction		
Model	1104C-44TAG2		with clean filter element 5.		5.0kPa
No. of cylinder	4		with dirty filter	element	8.0kPa
Туре	4 cycle, Vertical In-line		air filter type 2 stage cylonic/paper elem		er element
Prime Power	93.6kw /127.3HP		Exhaust system		
Standby Power	103kw /140HP		Max. allowable bad	ck pressure	18.0kPa
Induction system	Turbocharged, air-to- air charge cooled		Standard exhaust pipe diameter 64r		64mm
Governor	Mechanical/electronic				
Bore x Stroke	105x127mm		Cooling system		
Displacement	4.4L		Coolant capacity		
Compression ratio	18.23:1		Engine only		7.0L
Oil Capacity(Total)	8.0L		Total system		12.6L
Coolant Capacity(Engine only)	12.6L		With heat excha	anger	-
Cranking Motor Voltage	DC.12V/24V options		Standard thermost	tat(modulating) range	82-93 ℃
Fuel System			Max. coolant teme	rature	110 ℃
Type Injection system	Indirect injection		Max. allowable top for stand by/prime		110 ℃
Min. Allowable flow of fuel to fuel pump	24.9 L/h				
Lubrication system			Electric system		
Oil Pressure			Min. recommende	d battery capacity (12V)	
Idle speed	276kPa		10°C(50°F) & above- 0°F CCA 77		770A
Rated speed	Min 414kPa		0°C(32°F) to 10°C(50°F)- 0°F CCA 77		770A
Max. allowable oil temperature	125℃		18°C(0°F) to 0°C(32°F)- 0°F CCA		770A
Oil Pan capacity - Low/High	5.5L/7.0L		Minimum cranking	y speed	80 rev/min
Total system capacity	8.0L		Starter(heave,Anoc	de)	DC12V
Angularity of oil pan-Front Dow	n 30°		Battery recharge s	ystem, negative ground	65ampere
Alternator specifica	tion				
Phases	3		Coating	Vacuum impre	egnation
Poles	4		Insulation class	Н	
Power factor(cosφ)	0.8		Protection	IP23	
Winding connection	Star		Excitation system	Self-exci	ted

Bearing

Coupling

Single Bearing

Flexible disc

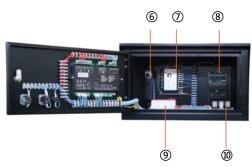

## **Control system Introduction**

# Deepsea 6120 Auto start & auto mains failure control panel

Deepsea 6120 is an auto mains failure controller for single generator, it can monitor and protect the generator working all the time. it has a LCD display which clearly shows the status of the engine. this controller include seven inputs and six outputs. This controller can also be programmed using the front panel or by using DSE configuration Suite PC software

- ①Emergency stop button
- ②Power switch
- ③Power indicator
- **⑤LCD** display

- **6** Voltage and frequency trimmer

(7)Governor

### **Key Features:**

- Auto start/stop, load transfer and alarming of generator
- Remote start on or off load
- With hierarchical loading function
- Multiple start/stop cycles can be preset
- 3 phase generator and mains voltage monitoring.
- Generator/load power detection(kW, kVA, kVAr PF)
- Overload protection (kW)
- Load current monitoring and protection
- Engine speed protection
- Engine pre-heat
- Engine start idle & stop idle
- Battery voltage monitoring
- Start under the low battery
- 4 active outputs
- 4 digital inputs and 3 analogue inputs.
- 6 Custom digital input
- 6 outputs(4 configurable on magnetic pick-up,
   6 configurable on Canbus version)
- DSE2130,DSE2157,DSE2548 expansion module can be connected
- Support 0-10V or 4-20mA oil pressure sensor

#### Main features:

- Multi language display
- Mains failure self starting
- The running time of the engine can be recorded to facilitate the maintenance and repair of the unit
- User-friendly set-up and button layout
- LCD display can display multiple parameters at the same time
- Support EFI engine
- IP65 rating (with optional gasket)
- PC and front panel configuration
- 100 event records
- Data recording and trend analysis

#### **Protection:**

- Two sets of protection parameters can be preset
- Normal alarm, electrical trip and shutdown alarm can be set to effectively monitor the engine speed,oil pressure, water temperature and oil level, as well as the frequency, voltage, current and power of the alternator, for complete engine/alternator protection
- Low Oil Pressure
- High water Temperature
- High voltage and low voltage
- Overspeed
- Emergency stop
- Fail to start

## **Soundproof Canopy Introduction:**

#### Standard Type:

- The arc angle structure makes the appearance beautiful and not easy to bump
- High quality coating powder, chemical surface treatment & 100-120um coating thickness greatly improving the anticorrosion and anti rust level
- Stainless steel hinge & door lock are beautiful and anti-rust
- 2.0mm cold rolled plate used makes the body more solid
- The bottom forklift and loading port design enables easy loading and unloading
- The drainage outlets are all connected to the outside for easy operation

- The sufficient air in & out design ensure long-term and stable operation of the unit
- Isolation net is designed for air inlet, exhaust outlet and muffler outlet to prevent objects from entering the unit
- High density foam used inside effectively reduces noise
- Ceiling Lighting is equipped for easy operation
- The built-in base fuel tank with fuel filler set on the shell facilitates refueling
- Models above medium power range are designed with top hoisting mechanism to facilitate transportation of the unit.

#### **Imitated container type:**

- The shell is made of 3.0mm hot rolled steel plate so as to withstand the lifting capacity of 15-ton without deformation
- The switch cabinet and control panel are respectively set on both sides of the shell for easy maintenance & operation
- The shell looks similar to standard container, and can be loaded into 40HQ container for transportation, which is convenient for shipping
- The lifting eye holes are designed on the top same as the standard container for easy handling
- High density foam used inside effectively reduces noise
- The built-in base fuel tank with fuel filler set on the shell facilitates refueling
- Double emergency stop button set on different surfaces enables quick response to operation requirements

- The shell base is independent from the unit with 3mm thick checkered steel plate floor, which is beautiful & antiskid, and is convenient for overhaul & maintenance of the unit
- The door handle, lock and hinge are all made of stainless steel to avoid rusting
- The air out louver made of the mesh plate with podwer coating and pasted with high-density glass fiber is beautiful and not easy to rust, and can further reduce the noise
- Isolation net is designed for air inlet, exhaust outlet and muffler outlet to prevent objects from entering the unit
- The sufficient air in & out design ensure long-term and stable operation of the unit
- The drainage outlets are all connected to the outside for easy operation
- Ceiling Lighting is equipped for easy operation

#### **Classics Economic series:**

- •Right angle around the canopy
- Carbon spray hinges and lock with rust proof
- •The drainage & lubricating oil outlets are all connected to the outside for easy to maintain
- •The air inlet and outlet are designed with grid structure of to prevent big objects from entering the canopy
- •The lifting lug on the top for medium range genset makes easily and convenient transportation

- •High-quality powder coated, chemical surface treatment & 80-120um coating thickness is highly endurable against erosion and scratch
- •The bottom forklift is built-in base frame for small range genset, with over stow capacity
- The fuel inlet on the canopy is for easy to fuel filling
- High-density sponge to effectively reduce noise

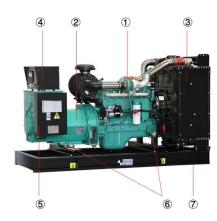

## **Classics Economic Canopy Sample Picture**

## **Standard supply scope:**

- ① Engine
- ② AC Alternator
- 3 Cooling Radiator
- 4 Auto Start Control Panel
- ⑤ Main Ciruit Breaker
- 6 Built in Shock Pad
- High Strength Frame
- Exhaust silencer
- 9 Bellow
- Starting battery

## **Optional supply scope:**

Genset	Engine	Alternator	Control system
<ul> <li>Tool box</li> <li>Base fuel tank</li> <li>External daily fuel tank</li> <li>Trailer</li> </ul>	<ul><li>Fuel heater</li><li>Fuel and water separator</li></ul>	<ul> <li>Temp. detector for winding and bearing</li> <li>PMG</li> <li>Antirust, mildew and salt fog treatment</li> <li>Anti condensation heater</li> </ul>	<ul> <li>ATS</li> <li>Synchronization</li> <li>System</li> <li>Adjustable earth relay</li> </ul>
